COMMUNITY CENTER

We've got something new in the works.

Would you like to learn how to crochet or have an interest in needlepoint? Starting **January 20th, on the 3rd Tuesday of every month at 12:30**, we will host a get together to do different kinds of needle work.

Bring your own projects to work on, start a new project, or learn a new technique. It might be counted cross-stitch, knitting, crocheting, stitch on plastic, or needlepoint.

There is no sign up. Come to work on projects and enjoy being with others for fun and interesting conversations, and maybe even have a few laughs.

We hope you consider joining us.
